Attached is the Excel site plan. I took it back to what it would have looked like at the beginning of the Assessment to show where the containers were. I'll include the marked up version in the Removal report.

If you're ok with this, I'll include it as a figure in the Assessment report.

Thanks,

Daniel

Subject: CES: Assessment Report Comments

Daniel:

The organization of the information is not exactly like I want it. Here are my comments:

1. We don't need the pollution reports in the assessment report. This will be in the removal report.
2. I would like the data separated by type of container if possible (Frac Tanks, Aboveground Storage Tanks, Wastewater Aboveground Storage Tanks, Secondary Containment, etc.) Also, I would like you to pull in the data from the ER Report and indicate that it came from the ER Report. If you have questions, please contact me.
I will review the narrative and get back to you.

Thanks

Gary Moore
